

Promoting our members' artwork through group exhibitions and to further art appreciation in Austin.

Capitol Art Society (CAS) values the quality of paintings and individuals who actively participate in the group. Our members make our shows succeed. Member's tasks include chairing shows, hanging and transporting art, making labels, assisting with social media and publicity, arranging receptions and securing venues. Members can also serve on the board.

All artwork must be original and created from conception to completion by the artist. Artists may use their own photos for reference but work from other sources or completed in a workshop or under professional guidance is not acceptable.

CAS hosts four business meetings a year. Our annual dues are \$35. There may be some added show expenses including small entry fees and commissions, and shared advertising costs, receptions, and gallery rentals. The number and types of shows vary each year. Current CAS shows and locations are listed under *Events* on our website.
